Nursery—Autumn 1 2022

Literacy

The children will enjoy a story session in a small group each day linked to the topic wherever possible. These story sessions will often include the use of a wide range of puppets and story sacks to help stimulate interest and enthusiasm. All children will have the opportunity to select their own library book each week from a selection specifically purchased for this age group. They will also be learning a nursery rhyme each week and bringing a book home with these in. There will also be lots of opportunities to 'play write' especially in the role play area. We will also be introducing 'funky fingers' activities to develop pre-writing skills.

Maths

The children will sing a wide range of number songs and rhymes and again these will often be supported by the use of visual aids such as puppets and pictures. They will practise counting through lots of fun games and activities. They will also be learning colours, shapes and sorting and matching objects.

You can help your child by

- Talking with them as much as you can about anything and everything.
- Sharing books together talking about the pictures, characters and words.
- Counting objects around the home.
- Looking at and naming shapes and colours around the home and when you are out and about.
- Practising putting on own coats and fastening buttons and zips at home to make your child more independent.
- Encouraging your child to be as independent as possible when using the toilet and washing hands.
- Enjoy singing the songs and rhymes on the sheet provided.
